MULHALL PUT ON CROSS-EXAMINATION

"Lobbyist" Questioned as to Truth of His Own Correspondence

GIVES DETAILS OF WORK

Testifies N. A. M. Gave $3,900 for His Assistance to McClave in Fighting Hughes

CANNON NAMED AS ADVISER

WASHINGTON, July 17.—Martin M. Mulhall, late "lobbyist" for the National Association of Manufacturers was put on cross-examination today about the truth of his own correspondence. Senator Reed questioned Mulhall about his alleged relations with S. W. McClave in 1908, when Mr. McClave was candidate for congress from the sixth New Jersey district against William Hughes, now junior senator from that state.

McClave now is the Republican candidate in the new sixth district where a session will be held next Tuesday.

C. Hart, the Democratic candidate in this district today was indorsed by President Wilson.

Gives Details of Work.

Mulhall identified many letters from McClave to himse'f written in 1908, said he went to the sixth district to help McClave fight Hughes and gave details of his work there. He said the National Association of Manufacturers furnished him with $3,900 for this fight and that a man named Barber put up $2,000 more. He told about taking McClave to lunch and dinner, about riding with him around in cabs on political tours and in other ways helping out in the fight.

Mulhall swore he took McClave around to shops in the district. He said they went to one shop and the superintendent said he would rather give $500 than let them in. "McClave growled all the way home because we didn't take the money and try to get the help afterwards," he added.

Mulhall said he furnished headquarters and paid for McClave's meals three times a day.

"What did you want to elect such a man for?" he was asked.

"He was a 'convention' man, that's the only way I can explain it" said the witness.

Furnished Climax For Day.

The 'estimony about McClave was a climax to a rather sensational day even for a committee that has waded through almost daily sensations for nearly two months. In five hours Mulhall identified hundreds of letters bringing in the names of dozens of the most prominent men in the Republican party in 1908 and speaking familiarly of making platforms, throwing influence to men for nominations for all sorts of offices and of working to elect or defeat others for congress. As the year progressed the interest of Mulhall in the national campaign began to show plainly. His letters to Secretary Schwedtman of the N. A. M., to James W. VanCleve, its president and to men in congress showed activity preceeding and during the Republican convention held in Chicago that year. Arthur I. Vorys, one of the Taft managers, Wade H. Ellis, the man then credited with writing the platform and afterwards the chief "trust-buster" of the department of justice; Frank H. Hitchcock, former Speaker Cannon, Representative McKnley of Illinois as well as many others of prominence were mentioned and Mulhall boasted in his letters of his acquaintance with most of them.

Cannon One of Advisers.

Speaker Cannon and Congressman Watson of Indiana were the principal advisers of the N. A. M., at the Republican national convention in Chicago in 1908, Mulhall testified.

"Our entire organization was busy trying to nominate Sherman and trying to keep labor planks out of the platform," he said.

The organization swung to support Taft although it did not like some of his public utterances on labor legislation, Mulhall said, because it became evident that Cannon and the other presidential candidates had no chance of success.

"The organization would have favored Cannon above all others," he said. The manufacturers officers had the "promise of Mr. Vory's and Mr. Taft's managers," Mulhall alleged, that there would be no severe labor planks in the national platform.

Letter Tells of "Soreness."

Toward the close of the sesison Senator Reed put in a letter Mulhall swore he wrote to former Congressman Ralph D. Cole of the eighth Ohio district in which he said:

"We suppose you are aware of the miserable treatment we received from Attorney General Ellis, A. I. Vorys and other Taft managers and although there are several officers of our organization who are friends of Mr. Taft, still there are over 40,-

NAMES COMMISSIONER UNDER NEWLANDS ACT

PRESIDENT CHOOSES WILLIAM L. CHAMBERS OF DIST. OF COLUMBIA

G. W. W. Hanger Nominated As Assistant—Immediate Confirmation of Appointments is Expected.

WASHINGTON, July 17.—President Wilson late today selected William L. Chambers of the District of Columbia, to be commisisoner of mediation and conciliation, under the Newlands act and G. W. W. Hanger as his assistant. Their names will be sent to the senate tomorrow. The other two members of the new board will be Judge Martin Knapp of the United States commerce court and Louis R. Post, assistant secretary of labor. Immediate confirmation of the president's nominations is expected. Democrats and Republicans in both houses of congress joined hands Tuesday to put through promptly the Newlands bill with the hope of averting the threatened strike of 80,000 conductors and trainmen on eastern railroads.

The roads and their employes had agreed to submit their wage dispute to the new board of mediation and conciliation.

The board is a permanent institute to aid in the adjustment of disputes between railroads and their employes and the act creating it provides elaborate machinery for carrying on the work. The commissioner and his assistant will devote all of their time to their new duties but the other two members of the board will retain their present federal positions and act as mediators only when called upon.

Mr Chambers, chosen to head the board was at one time chief justice on the international court at Samoa, and since 1901 has been a member of the Spanish treaty claims commission. He has had considerable experience, however, in arbitrating labor disputes.

Trainmen Object to Plan.

New York, July 17.—The 80,000 trainmen and conductors who threaten to strike against the Eastern Railroads will not agree under any circumstnces to have the roads "grievances arbitrated" at the same time as the mens' demands for better wages under the Newlands' amendment to the Erdman act, according to a statement issued tonight by W. G. Lee and A. B. Garretson, presidents, respectively of the trainmen's and conductors' brotherhoods.

Mr. Lee in a verbal statement supplymenting the formal one said that if the roads persist in their present stand to have their own grievances arbitrated, it is certain that a strike will follow.

Sincerity of Roads Questioned.

The sincerity of the roads is questioned by the employes who point out that prior to the mediation conference with the president last Monday no intimation was given by the roads that they proposed to present their demands before the federal arbitration body. The present attitude of the roads is characterized in the statement as a "flagrant violation of faith."

Copies of the statement that the trainmen submitted to the roads tonight were mailed to President Wilson, every member of the senate and house and to all the conferees at the meeting attended by the president. The employes said tonight that they will wait only for the senate's confirmation of the president's appointments to day before insisting upon a conference forwith, at which they will present their wage demand. If the roads then submit their grievances to the federal board the men, so they asserted will decline to sign the arbitration stipulation and will strike instead.

MRS. DESAMONE CHARGED WITH MURDER OF JAMES ACQUES

Body Was Found in Rear of Her Home, Pierced With Four Bullets.

Chicago, July 17.—Mrs. Elizabeth Desamone was today formally charged with the murder of James Acques, a wealthy restaurant owner whose body, pierced with four bullets, was found in a vacant lot in the rear of Mrs. Desamone's home. Her bail was fixed at $5,000.

The police suspect that Acques was slain in the Desamone home and the corpse then thrown into the lot. Witnesses have testified to hearing several shots behind the Desamone home on the night of the murder. Police Lieutenant Hogan after the arrest said:

"We are satisfied that this woman has at least guilty knowledge of this crime."

WELLINGTON BANK CLOSED.

Danville, Ill., July 17.—Demand by the Continental and Commerce bank of Chicago, upon Alexander Pate, of the Pate Banking firm of Wellington, Iroquois county for settlement of a $20,000 note, to day caused the closing of the institution. Mr. Pate who is prostrated at his home in Weillington by the financial blow, declared if given time he will settle with his creditors dollar for dollar. The note that caused the crash was endorsed by Mr. Pate for his nephew, ex-postmaster Gordon, of Chicago, to secure a sum borrowed by the latter.

INTERURBAN CAR DERAILED.

Rockford, Ill., July 18.—An interurban car was derailed near here early this morning and a number of passengers were injured several probably fatally. The car was running rapidly when it struck a cow causing the accident.

POLICE SEEK MURDERER OF TRAMP AT TILTON

FUGUTIVE SAID TO BE BAREFOOTED BAREHEARED AND COATLESS

Jacob Dickman, Another Tramp, Released After Police Investigation Claims he Heard Shots and Saw Man Flee Toward Danville.

DANVILLE, Ill., July 17.—Barefooted, bareheaded and coatless, a man supposed to be named Moscow from letters found in his coat, is being sought for the murder of a tramp in a box car at Tilton early this morning. Jacob Dickman, another tramp, claiming St. Louis as his home, was released after a police investigation. Dickman claimed he heard shots fired in a box car in the Wabash yards near Tilton, and saw a man without hat or coat and barefooted, leap from the car and flee toward this city.

A man was found dead in the car with two bullets in his body. The murderer was seen hurrying through Danville on the railroad tracks by several, but delay in notifying the police prevented his capture. Today he was trailed by bloodhounds which got the scent from his shoes left in the car northward on the C. & E. I. railroad nearly to Bismarck, where the trail was lost.

In the murdered man's pocket was found a receipt given to George S. Maxwell by a Paxton shoe dealer. In the coat left behind by the murderer was found a pay envelope bearing the name "Moscow," issued by a Detroit manufacturing concern, also a copy of a Decatur newspaper carefully wrapped up as though for preservation, and a Polish dictionary and account book with entries evidently in the Polish language.

MOUND CITY BOAT CLUB WINS MOJORITY OF EVENTS

Central States Amateur Rowing Regatta Closes At Peoria—Fast Time Made.

Peoria, Ill., July 17.—The Central States Amateur Rowing association regatta closed here today with the Mound City Boat club of St. Louis winning the majority of events.

Some fast time was made. Eight crews got away in the four oared shell race to a perfect start. Five lengths from the line the western and central No. 2 crews of St. Louis fouled and all were called back. The central were unable to start again.

The seven crews raced neck and neck, Mound City B. C. winning by two feet from Western of St. Louis, second and Quincy and Grand Rapids so close for third that a conference of the judges was necessary. They decided in favor of Quincy. Conlin rowing in the four oared shell race fainted, losing the Grand Rapids crew its chance, while in the double scull shell event Grand Rapids came in for some hard luck when Kortlander broke an oar while with his teammate he was leading the crack senior pair of the Chicago club.

Tomorrow the southwestern association begins two days' events.

THOUSANDS OF ALIENS MAY BE DEBARRED FROM CITIZENSHIP

Commisioner of Naturalization Sends Letters to Chief Examiners, Explaining Situation.

Washington, July 17.—Thousands of aliens who have declared their intention of becoming citizens of the United States may be debarred from realizing their hopes unless they file final applications for naturalization before September 27th, next. Richard K. Campbell, commissioner of naturalization to day sent letters to all chief examiners throughout the country calling their attention to this situation. Records show that there are 40,000 aliens who have declared their intention but have not filed applications. A large percentage of these made their declaration before the enactment of the present naturalization law, September 27th, 1906, which requires that final applications be made not less than two nor more than seven years afte the declaration of intention. Judge Jacob Trieber of the Arkansas Federal court recently held that those who made declarations under the old law and failed to make final applications within seven years after the passage of the new act would be barred from citizenship forever.

Those who declared their intention under the new law will have to wait two years if they do not put in their final applications before September 27th.

MISS BARRETT RE-ARRESTED.

London, July 17.—Miss Rachael Barrett, assistant editor of the suffragette who was sentenced to nine months imprisonment on a conspiracy charge on June 17th and has been released on license several times was re-arrested tonight after addressing a militant meeting. Suffragists attempted to rescue her but were held in check by a large force of police while Miss Barrett was bundled into a motor car and driven to jail.

KILLED BY AUTOMOBILE

Bloomington, Ill., July 17.—William Blumenshine, aged 61 a well known resident of El Paso, was killed this morning. He was hurrying to board a train and stepped in front of an automobile driven by Robert Bruce, of Gridley, receiving injuries which caused his death in a few minutes.

GIVES ACCOUNT OF BULGAR ATROCITIES

King Constantine Declares Flight of People Prevents Greater Slaughter

BUTCHERY INHUMAN

Despatch Tells of Retreating Troops Gouging Out the Eyes and Maiming Wounded

DOXATO A POOL OF BLOOD

NEW YORK, July 17.—King Constantine of Greece from his headquarters at Hadji Berlik, near Seres, sends to 'The Associated Press' a detailed account of the atrocities of the Bulgarians in Macedonia. He declares that only the precipitate flight of the inhabitants of the villages and town prevented still greater slaughter.

The king paints a terrible picture of the atrocities agianst the Greeks and Mocedonia at the city if Nigrita, the gouging out of the eyes of wounded soldiers and the maiming of others the butchery of men and women and even children. In the neighborhood of Killissch seven hundred persons were victims of the ferocity of the fleeing troops, the king says and he refers to the correspondents of London papers in substantiation. He adds:

"The City of Seres is a mass of smoking ruins filled with multilated corpses of old men and women and children. The published accounts give but a faint idea of the terrible realty.

"Doaxto is no longer anything but a pool of blood. Of its 3,000 inhabitants only 150 remain. A great number of the little villages along the route taken by the retreating army were the scenes of like atrocities."

Roumanian Troops at Plevna

London, July 17.—Roumanian troops are at Plevna and Mesedra, the latter town within thirty miles of Sofia nd King Ferdinand of Bulgaria is suppliment to the king of Roumania for terms of peace. It is understood that the powers are striving to induce Roumania not to occupy Sofia and are urging Bulgaria to appoint a delegate to confer with the Servian and Greek premiers. The rel facts of the situation are only just becoming generally known in Sofia and are causing dismay among the poeple.

M. Malinoff's efforffts to form a cabinet appear to have failed. Fighting of no great importance continues on the Greek and Servian fronts.

PROPOSE AMENDMENT TO GLASS-OWEN CURRENCY BILL

Democrats Would Prohibit Interlocking Directorates in Banking Institutions.

Washington, July 17. — An amendment to the Glass-Owen currency bill, to prohibit interlocking directorates in banking institutions was proposed at the conference of Democrats of the house committee today. The plan offered by Representative Wingo of Arkansas went over to the next meeting after brief discusison and without a test of strength in the committee. Earlier in the day the conference had defeated 8 to 3 another proposal by Representative Wingo that government funds would be deposited in the proposed new national reserve banks upon a competitive basis, deposits being made in banks offering the highest rate of interest.

The Democrats struckout of the bill a section to permit individual banks, in time of stress, to get direct discounts from the regional reserve banks upon securities recognized as "stock exchange collaterals" and also eliminated a provision exempting notes or bills issued on government, state, county or municipal bonds from the proposed prohibition against re-discounting by the federal reserve banks or notes or bills issued for the purpose of carrying or trading in stocks, bonds or other securities.

The conference extended the maturity period of paper re-discountable under the law from 45 to 60 days.

Sections of the bill relating to the regular examinations of banks and to penalties for examiners who accept gratuities or loans from banks were approved. In the case of the penalties for examiners or for officers of banks giving fees or gratuities to examiners, the penalty was raised from $500 to $5,000 and the maximum of imprisonment from three to five years.

FIVE TIE FOR FIRST.

Wilmington, Del., July 17.—Five amateur marksmen were tied for first place in the eastern handicap, the feature event of the eighth annual eastern handicap trap-shooting tournament when darkness prevented further competition. The five leaders are M. L. Wise of Marysville, Pa., George M. Howell of Northumberland, Pa., R. A. Hall of Waynesboro, Va., W. F. Clark of Boston and W. H. Jones of Macon, Ga., each with a score of 95 out of a possible 100. The tournament will be concluded tomorrow.

FIVE MEN ENTOMBED IN SPRUCE MINE RESCUED

HAD STOOD NECK DEEP IN WATER FOR THIRTY FOUR HOURS

Brought To Surface By Rescuers Amid Scenes of Wild Excitement—All Expected to Recover.

EVELETH, Minn., July 17.—Five men who were entombed at Spruce mine here on Wednesday as a result of a cloudburst were rescued tonight. They were located by rescuers by means of tapping on a pipe which had been drilled forty feet into the mine. After the first signals were heard the work of excavating was resumed with double energy and the men, all foreigners, were finally located and brought to the surface. While they had suffered greatly, it is believed all will recover.

Amid scenes of wild excitement the men were brought to the surface after having stood neck deep in water for thirty four hours. Through interpreters they told their story. They heard the guards warn the men when the water started rushing down the shaft but they drew back at the sight of the swirling torrents. As the water crawled up they were submerged first to their waists and then to their arm pits and realizing their plight they attempted with picks and shovels to dam the drift. For a time they were unsuccessful but at last they were able to stem the tide. By this time the water was up to their necks. Standing thus they waited for the rescuers whom they heard working desperately. When the rescue had blasted to within forty feet of them they made signals which were heard by the rescuers.

All of the fifteen men imprisoned Wednesday now have been rescued.

ATTORNEY GENERAL CONSIDERING DISSOLUTION OF STANDARD OIL

Will Determine Whether Further Steps Should Be Taken to Promote Real and Free Competition.

Washington, July 17.—Attorney General McReynolds is still considering the dissolutions of the Standard Oil and tobacco trusts to determine whether further steps should be taken by the federal government to promote real and free competition which it is claimed does not exist under present conditions, despite the decrees of dissolutions. In the tobacco case the attorney general is giving serious thought to the bill introduced by Senator Cummins directing the department of justice to appeal to the supreme court from the New York circuit court decree of dissolution.

Some intricate questions of law, officials of the department point out are involved in the Cummins measure. The government under the present statute had sixty days in which to appeal to the supreme court from New York court's decree dissolving the tobacco trust but former attorney General Wickersham agreed to the decree and did not appeal. In the standard oil case the attorney general is continuing his study of the report of the government attorneys who investigated the suggestion whether the decree of dissolution is being violated. A conclusion has not yet been reached.

COMPLETES FIRST STEP TOWARD U. P.-S. P. DISSOLUTION

Frederick U. S. Crosby Turns Over Document Representing $88,000,000 to Central Trust Company.

New York, July 17.—With a slip of paper in his pocket representing about $88,000,000, Frederick V. S. Crosby, treasurer of the Union Pacific railroad company walked into the office of the Central Trust company to day. He turned the paper over to the trust company and thereby completed the first step in the dissolution of the Union Pacific and the South Pacific roads as decreed by the courts.

The document was a certificate for Union Pacific's holding of Southern Pacific, exclusive of those turned over yesterda to the Pennsylvania railroad in exchange for that road's holding of Baltimore and Ohio. The trust company was designated by the court to act as trustee pending distribution of the stock among persons not holders of Union Pacific stock.

PLAY TWENTY INNINGS TO A TIE

Adrian, Mich. July 17.—Battle Creek and Adrian, leading teams in the Southern Michigan League, to day played twenty innings to a tie, each scoring one run before darkness ended the struggle. Manager Jenkins of Adrian scored the run for his team in the fourth inning. He led off with a single, advanced on a sacrifice fly. Pitcher McDonald of Battle Creek tripled in the sixth and scored on an error.

Both pitchers showed wonderful control. Loomis, of Adrian, a right-hander struckout 19 batters and issued one pass, purposely, in the twentieth inning. McDonald a southpaw fanned 16 and passed no one.

OFFICERS RAID "JOINTS".

Coffeyville, Kan., July 17.—Kansas and Oklahoma law enforcement officers, acting in conjunction to day raided the "joints" in South Coffeyville, Okla. The jointists, caught between two fires were unable to move their liquors over the state line as they have done heretofore.

Four arrests were made and a large quantity of liquor was confiscated.

MELLEN RESIGNS AS HEAD OF NEW HANEN

RESIGNATION IS TO TAKE EFFECT NOT LATER THAN OCTOBER FIRST

Announcement Follows Long Meeting of New Haven Board—Decline of Stocks a Matter of Comment For Several Years.

NEW YORK, July 17.—Charles S. Mellen today offered his resignation as president of the New York, New Haven & Hartford Railroad company and all its allied or subsidiary lines, including the various railways, trolley lines and water lines which has become part of the New Haven system under his management.

Announcement of Mr. Mellen's resignation, which is to take effect "at the pleasure" of the New Haven board, but "in no event later than October 1 next," followed a long meeting of the directors, most of whom, including William Rockefeller and J. P. Morgan, were present.

Became President in 1903.

Mr. Mellen, whose recent management of the New Haven road has given rise to considerable criticism, became president of the system in October, 1903, resigning from the presidency of the Northern Pacific railway at the request of the late John P. Morgan. His advent was the signal for a vast scheme of consolidation embracing not only the Boston and & Maine and Maine Central railroads, but all the leading steamship lines between New York and Boston and intermediate points as well as numerous trolley lines in Connecticut, Massachusetts and New Hampshire. The capitalization of the New Haven system increased enormously under the continuous outlays accruing from the acquisitions.

Shares Decline For Years.

The steady decline of New Haven shares in the local and Boston stock markets has been a matter of comment for several years.

Alleged mismanagement and several serious wrecks, costing many lives, finally resulted in the organization of a committee of New England stockholders led by George VonMeyer, former secretary of the navy, to make an investigation of the road's affairs. That committee's experts are now at work on the company's books.

Mr. Mellen is under federal indictment for alleged violation of the anti-trust laws and an indictment for manslaughter resulting from the Westport, Conn., wreck of last year also is hanging over him.

LARRY CHAPPELLE WILL REPORT TO CHICAGO WHITE SOX TODAY

Sends Telegram to Comiskey Stating He Will Be On Hand Ready to Play Today.

Chicago, July 17.—Larry Chappelle telegraphed Charles Comiskey, owner of the Chicago Americans today that he would report tomorrow ready to play. Comiskey has been pertrubed by the unexplained absence of his high priced star. He bought Chappelle to get a hard hitting fielder for the White Sox and paid the Milwaukee association team $15,000 and two players for him. Chappelle packed his grip and left Milwaukee but has been several days since Comiskey has heard from him.

"I got word from Chappelle from his home town McCloskey, Ill., Comiskey said today. "He said he went down to tell his mother of the change and that he would be on hand to play tomorrow. If so we will probably put him in a uniform and see what he can do."

WILLIAM L. DAVIDSON COMMITS SUICIDE IN SPRINGFIELD HOTEL

Despondency Caused By His Wife Leaving Him, is Given As Cause of Traveling Salesman's Act.

Springfield, Ill., July 17.—William Davidson, aged 34 years, traveling salesman for the Continental Cement company of St. Louis, Mo., and a second cousin of Mayor Carter H. Harrison of Chicago, ended his life at two o'clock this afternoon in his room in the Leland hotel by shooting himself through the heart.

Despondency caused by his wife leaving him, one week ago is given as the cause for his suicide.

Mrs. Davidson left a week ago for Kansas City, to make her home with her sister.

Up until one year ago, Mr. and Mrs. Davison were residents of St. Louis.

RETURN O'DONNELL TO CLEVELAND

Springfield, Ill., July 17.—A requisition from the state of Ohio was honored today for the return to Cleveland of J. F. O'Donnell, under arrest at Chicago and wanted for the embezzlement from the Erner Electrical company of Cleveland.

A requisition was issued for the return to Cicero, Cook county of Andrew Kuzenkia, charged with the theft of $700 from Lillie Obcenus of Cicero, May 22, 1913. Kuzenkia is under arrest at Waterbury, Conn.

FOUND DEAD IN CORNFIELD.

Bloomington, Ill., July 17.—Mrs. Margaretta Dunk, aged 83 was found dead in a corn field near her home tonigt. She wandered away Friday. It is believed she succumbed to exhaustion caused by the intense heat.

AWAIT ARRIVAL OF HENRY L. WILSON

No Move Will Be Made in Mexican Situation Until After Conference

NO ANSWER TO NOTE

Officials Believe Anti-American Demonstrations Were Stirred Up by Small Group of Mexicans

NO CRITICISM OF AMBASSADOR

WASHINGTON, July 17.—The administration will make no move in the Mexican situation and will reserve announcement of its future policy toward the Huerta government until after President Wilson and Secretary Bryan have an opportunity to confer with Ambassador Henry Lane Wilson, now enroute to Washington from Mexico City.

Upon the report of conditions by Ambassador Wilson will depend whether he will return to the Mexican capital. No answer will be made to the note of one of the European powers about conditions in Mexico until the Washington government has had an opportunity to learn the true state of affairs.

Difficulty in Getting Information.

Administration officials in stating the facts tonight confessed their difficulty in obtaining trustworthy information at long range about Mexican politics. They let it be known incidentally that they believed the demonstrations in Mexico City recently against Americans were fermented by a small group of Mexicans who were trying to force the United States to recognize the Huerta government.

President Wilson and his cabinet have several close friends in Mexico from whom information has been coming, but these unofficial impressions have proven conflicting, since caution is necessary in the woring of messages. No criticism is advanced here against Ambassador Wilson for failing to supply all the information desired by the president and his advisors, the diffifculties of communication being taken into account.

The president hae made it clear that his mind is open on the proper time for recoguizing the defacto government in Mexico and there is no definite determiation to extend recognition after the October election. It is altogether possible that the United States may await a return to stable conditions, inasmuch as the Carranza rebellion, according to state department reports is growing rapidly and the constitutionalists admittedly control so large a portion of the Mexican Republic.

Confirm Reports of Outrages.

Official reports reached the state department to day confirming earlier reports in Durango following the occupation of the city by the revolutionary forces and describing conditions as "deplorable." The consul general at Tampico reported that he is in daily communication with Dario Sanchez and Otto Witner, Americans under arrest there and that everything is being done to hasten their release. He said nothing serious has been proved against them and that the delay in their release was due to the slow proceedings of the military court.

Wilson at Vera Cruz.

Vera Cruz, July 17.—The American Ambassador, Henry Lane Wilson, who has been called to Washington for a conference on the Mexican situation arrived here this morning from Mexico City. The ambassador said he would remain away for not more than three weeks. The fact that he is leaving Mexico is causing some anxiety among Americans in Vera Cruz.

Arranging to Leave Mexico.

El Paso, Texas, July 17.—All Americans and many foreigners in Torreon, Coahuila, are arranging to leave there for Eagle Pass, Texas, according to an American who reached here from Terreon today. He states that the consular representatives of Germany, France, England, Italy and the United States have been negotiating for several days for a train to be run through the lines of the opposing forces without delay on which 300 foreigners with be sent to safety in Texas.

A late issue of the Continent had this regarding a gentleman known to some of our citizens:

F. D. Crane, elder in the Presbyterian church of Sterling, Ill., now 70 years of age, is leader of a men's class which, all conditions considered, is one of the biggest Sunday school successes in the United States. In a town of 2,000 population, and in a church of 150 members, Mr. Crane's class has a membership of ninety-six, and its attendance averages between sixty and seventy. The teacher has made the name significant of welcome by calling it the "Come Back" class. Besides teaching this class Mr. Crane continues, as he has been for forty years, the superintendent of the Sunday school with which the class is connected.

Besides this, Mr. Crane's father E. F. Crane, was superintendent of the school almost as long.

SOCIAL EVENTS.

Miss Lillian Cleary entertained at her home northeast of the city Thursday afternoon at a "Bluebird" party, in honor of Miss Ruth Harker of this city. The bluebird idea was carried out in the pretty decorations used throughout the home, by the use of flowers. In the table decorations there was a large pie with blackbirds around the edges, in the center of the table, and from the pie a blue string was extended to each plate. The place cards were hand-painted, each one containing a bluebird. The afternoon was spent in a most happy manner and in the various contests, prizes were won by Misses Helen Strawn, Ruby Cully, Nellie Green and Thelma Arnold and the guest prize, a beautiful bluebird pin, went to Miss Harker. During the hours dainty refreshments were served. The hostess was assisted in entertaining by her sister, Miss Ann Cleary and Miss Daisy Coons.

The Berea Bible class of the First Baptist church took supper last night at Nichols park. There are ten in the class and the outing was greatly enjoyed.

The Ladies' Aid society of the Christian church of Woodson held an ice cream social on the lawn at the home of Dallas Crain Thursday evening. There was a good attendance and a neat sum was realized for the society. A business session of the organization was also held before the supper.

The members of the Sunday school class of the First Baptist church, taught by Miss Annie Long, took their suppers to Nichols park Thursday evening, where a delightful time was spent.

A company of young ladies left Thursday for Lake Matanzas, Sans Souci cottage, for a week end house party. The party consisted of Misses Edith Rogers, Aileen Fitch, Helen Omar, Lola Markillie and Faye Rodgers.

Mr. and Mrs. H. M. Casey, who lives three and one-half miles southeast of Woodson were pleasantly surprised Tuesday evening, July 15 by forty of their neighbors and friends, the occasion being their tenth wedding anniversary. During the evenig ice cream and cake were served and in every way the occasion was one of great pleasure, Mr. and Mrs. Casey are held in high esteem by a large company of friends and all of them join in wishing for the young people a great many more anniversaries.

The young ladies of the Berean class of the First Baptist church, taught by Miss Maude Nesmith, held a picnic at the park Thursday evening. The young ladies left the square at 6:00, each with her contribution toward the delicious picnic supper. Boat riding was one of the main recreations of the evening. Among the members of the class present were Misses Lois Baptist, Louise Stranberg, Nell Faugust, Hulda Faugust, Louise Wood, Marguerite Myers, Hallie Withee and Mrs. Paul Waterfield.

The ladies of the Amomo class of the First Baptist church held an ice cream social on the lawn of the church Thursday evening at 7:30. The delicious home made cake with vanila and strawberry ice cream were served on five tables in charge of Mrs. Guy W. Gard, Miss Elizabeth Stevenson,, Mrs. Ed. Schaun, Mrs. Martha Story and Mrs. A. L. Johns. The committee in charge of the social was Mrs. James Ball, chairman; Mrs. William Spires, Mrs. Abner King and Mrs. J. M. Hurst. Mrs. Mary Laurie is the president of the class and Mrs. A. B. Williamson, the teacher.

A party of young lady students of Brown's business college together with several graduates of the college forming a party of thirteen in all held a very enjoyable picnic at the park Wednesday evening. Among the graduates of the college present were Miss Violet Mortimer and Miss Rose Magner.

In honor of Mrs. Charlotte Irving and daughter Helen, of Rawlings, Wyo., a number of friends and relatives met at the park Thursday evening and enjoyed a picnic. A delicious supper was served at 6:30 after which music and social converse occupied the time of the merrymakers until a late hour. Those present were Mr. and Mrs. G. A. Sieber, Mr. and Mrs. Frank Irving, Mr. and Mrs. Walter C. Rabjohns, Mrs. Hannah Barrows, Mrs. Julia Goodrick, Miss Hattie Spencer, Misses Geraldine and Charlotte Sieber and Margaret and Ruth Irving, Henry Irving, Misses Idabele and Aline Joy and Walter Rabjohns, Jr., Dewey Sieber.

The Invincible men's class of the Northminster Sunday school held a social Thursday evening at the First ward school which was a big success from every standpoint. Over $100 was realized from the ice cream and cake and other articles sold. The heat seemed to have little effect on the people of Northminster and their friends for a large number were present to enjoy the refreshments and witness the cracker eating contest, the ladies race and the boys race which were among the diverting features of the evening. The principal event was a tug of war between two picked teams of twelve, from the number of the membership of the class and from among the friends present. After a hard contest the men of the Invincible class proved equal to their name and won the victory.

Seattle, Wash., July 17.—Secretary of the Navy Daniels was the guest of honor at a banquet tonight. Tomorrow he will inspect Puget Sound navy yard.

TARIFF DEBATE IN SENATE WILL BEGIN IN EARNEST TODAY

Senator Simmons Will Submit Majority Report On Underwood-Simmons Bil.

Washington, July 17.—Tariff debate in the senate will begin in earnest tomorrow when Senator Simmons, chairman of the committee will submit the majority report on the Underwood-Simmons bill and make the opening argument for the Democrats. Senators Cummins and Burton are ready to begin the attack upon the bill for the minority and expect to speak Monday and Tuesday. The Democrats are planning few set speeches, expecting to do most of their talking in defending the measure on the floor as the Republican arguments are brought out.

Chairman Simmons will give a general legislation of the bill leaving the separate schedules and sections to be dealt with by members of the sub-committees, Senators Stone, James, Thomas, Williams, Shively, Gore, Johnson, Hoke Smith and Hughes.

MULHALL PUT ON CROSS-EXAMINATION

(Continued from Page One.)

000 manufacturers in this country today well organized who are very sore on account of the work done by Ellis, Hitchcock, Vorys and others at Chicago."

The committee wanted Mulhall to explain what caused the soreness.

"They were having a conference in Ellis' room in Chicago," he said. "We went up and knocked on the door and for quite a time there was no answer. Then Taft's brother came to the door and said they would see us in a few minutes. While we were there, Gompers walked out. They tried to deny that they had given a hearing to Gompers but Emery and the others were pretty sore about it."

The witness identified a pamphlet issued in the fall of 1908 in which President VanCleave of the N. A. M. announced, "we saw that we would fail in Denver if we went there and so we kept out." The pamphlet contained an attack on William J. Bryan then the Democratic presidential candidate but stated that VanCleave was not talking party politics, but was talking as a business man to other business men on a question of vital concern to all.

Mulhall Letter of Introduction.

One of the remarkable letters of the day was identified by Mulhall as his letter of introduction and his credentials. It read:

"National Association of Manufacturers, St. Louis, July 6, 1908.

"To Whom it May Concern: This letter will introduce Col. M. M. Mulhall, for whom I bespeak the greatest possible consideration of every member of the N. A. M.

"It is thoroughly clear to you that in order to have any standing with the elected and appointed official of our committee, whether state or federal, we must be able to show them that the business men and the manufacturers of our country are a factor to be reckoned with in politics. We must be able to prove to the man who is blacklisted by the labor unions because he refused to legislate special privileges to labor organizations and the demagogues that he will not suffer at the polls on account of his patriotism and his devotion to duty.

"This makes necessary a great deal of field work and Col. Mulhall is in charge of this most important branch of our activity. His record is enviable, his fidelity, integrity and honesty are beyond question. You can speak with him in strict confidence and you can rest assured that when he calls upon you it will be on a subject most important to you and to all of us.

"Very truly yours,
"J. W. VanCleave, President."

Many References to Emery.

There were many references during the day to James A. Emery, who, Mulhall said, is the Washington representative of the N. A. M., but who J. P. Bird, the general manager of that organization, swore the other day is connected with the National Council for Industrial Defense and not with the association. Senator Reed laid particular emphasis on passages in letters telling of Mulhall's talks with Emery. Just at the close of the session he made a final reference to Emery.

"He didn't do much active work did he " asked the senator.

"No; he done a lot promising," said Mulhall.

Cannon Refuses to Comment.

Danville, Ill., July 17.—Former Speaker Cannon tonight refused to comment upon the statement made by Col. Muhall at Washington today that he and former Congressman Watson were chief advisers of the National association Manufacturers during the 1908 convention and that the association favored the ex-speaker for president at that time.

ARRESTED FOR SPEEDING.

James Hodges of the Clark minstrel company playing at the Grand this week was arrested Thursday evening by Officer Trahey for speeding. He is charged with driving out Hardin avenue at a clip which—well the car was going some. The case will come up for hearing tomorrow.

RECEIVES CAR OF AUTOS.

William Newman & Son yesterday received a car of Paige autos of the 1914 models. There are two touring cars and a roadster in the shipment and are the first of the 1914 models to arrive. They show a number of improvements which added to the already excellent equipent of the Paige make it a car of great merit.

RAILROAD MEN HERE.

Among visitors in the city during recent days have been W. H. Henderson of Peoria, and Leslie G. Metcalf of Kelvin, Arizona. Both are former residents and both are railroad men. Mr. Henderson was for a long time an engineer on the old J. S. E. line and is now on the Alton. Mr. Metcalf is a Southern Pacific man.

AUTO TRUCK MAN HERE.

R. B. Harder of Chicago, a representative of the Harder Auto Truck company, is in the city on business. No official test of the auto truck for which the city has contracted has yet been made and Commissioner Engel said last night that he had not been notified when the company expected to make a test.

MEDICAL LIBRARY ASSOCIATION.

The Medical Library association held a regular meeting and luncheon at the Dunlap house at 1 o'clock Thursday. A good attendance of the members was present to enjoy the meal and take part in the business which was of more or less routine in nature. The president of the association, Dr. T. J. Pitner, acted as chairman of the gathering.

RAILROAD NOTES.

R. A. Cook of Bloomington, assistant engineer, has been appointed commissioner of the valuation of assets for the Chicago & Alton. This is in conformity with the act of congress, authorizing the interstate commerce commission to report upon the valuation of all the railroads of the United States.

Tariffs providing for a general increase in freight rates of 5 per cent will be filed within a short time by railroads operating in central freight and trunk line territories. General freight agents of railroads affiliated with the Central Freight Association, which embraces in its membership lines east of the Mississippi and north of the Ohio rivers, held a meeting at headquarters in Chicago, and directed rate clerks to prepare details of tariffs which they hope will be effective Sept. 1 A similar meeting was held in New York among representatives of rail lines connected with the Trunk Line Association. Railways associated with the latter organization operate east of what is known as the Buffalo-Pittsburgh line.

In accordance with the recent enacted law governing the pay of railway corporations, all railroads in the state held their last monthly pay day this week. In the future there wil be two pay days a month.

Railway officials claim that twice a month pay means a large increase in operating expenses. One large railroad man estimated that the loss to his road would be $25,000 annually. Superintendent Hurst of the Chicago, Peoria & St. Louis railroad said that the wages of extra employes necessary to get out the payroll would amount to several hundred dollars monthly.

Men who fought for the bill in the legislature claim that it was needed under present conditions. Without it a man starting to work the first of the month would have to wait six weeks for his pay, thus forcing his credit to the limit.

Make your plans now to attend the big matinee Thursday, July 31, of the Jacksonville Driving club.

PRESENTED TOKEN OF APPRECIATION

At the regular meeting Thursday evening of Caritas Rebekah degree lodge No. 625, Miss Lottie Shrewsbury of South Prairie street was presented with a beautiful Rebekah pin worded in gold as a token of appreciation from her degree staff. Miss Shrewsbury, who is soon to leave the city, has been for a long time among the lodge's most faithful workers. Miss Shrewsbury responded in a very tactful manner to the presentation speech, made by Mrs. Myrtle Tandy.

One candidate, Mrs. Mattie Sanders, was taken into the lodge Thursday night.

LARGE GRAIN SHIPMENT.

Thomas Cain shipped over 18,000 bushels of wheat during the past week from the Farmers' elevator at Arnold. The wheat was of a splendid quality.

WAS PAINFULLY INJURED.

Russel Richards, son of Neal Richards, who resides northwest of Murrayville, was painfully injured Thursday afternoon at 3 o'clock when the front wheel of a baler passed over his body. The back of his head was struck by the wheel and for a time it was thought he was seriously injured. Dr. J. H. Spencer was called and the boy was resting easy last night.

TO STUDY IN CHICAGO.

Miss Louise Miler of Wathena, Kan., was in the city yesterday on her way to Chicago where she will take higher work along the line of her profession. Miss Miller has been an instructor of piano and voice at the Illinois Woman's college for several years.

Trust Company Service

A well know life insurance company has been following up all of its death losses of $5,000 or over. The result of its investigation shows that after seven years ninety per cent of the beneficiaries have lost or spent the entire amount paid them.

Trust companies in the United States are administering and guarding estates valued at $7,200,000,000. An exhaustive investigation covering these companies during the past fifteen years affords the remarkable showing that during that period not a dollar has been lost by any estate through the failure of a trust company.

Among the estates handled by trust companies are those of eminent lawyers, bankers and business men; for example, those of Chief Justice Fuller of the U. S. supreme court, Senator Elkins, P. A. B. Widener, Marshall Field.

The same reasons which induce the man of large means to place his estate in the hands of a trust company appeal with equal, if not greater, force to the man who has but a few thousand dollars to keep his widow and children from poverty.

THAT EIGHTH GRADE BUILDING.

The Journal does not question the intentions or the motives of the Jacksonville school board members in planning for an eighth grade building to cost from $125,000 to $160,000 and raising the sum at the rate of $20,000. However, the Journal does question the wisdom of such a course.

The board today holds the title to a building site and has $54,000 in the building fund, taxes collected during a period of four years. If a building such as the plans represent were erected and the money collected at the same rate it would take four and probably five more years to pay for it. The trouble is as before suggested that the ideas of the board have spread out as the four years during which the fund was raised have slipped along. The plan of raising $20,000 a year only, so that the burden would not be heavy any one year and so that there would be no bonds to pay of in succeeding years sounds well and might have some weight and consideration for erecting a $60,000 building. But when the plans are changed to a building of more than twice that cost, the $20,000 a year idea loses class.

Down at the Woman's colege Harker hall was erected in 1909. It is a beautiful building, five stories high, equipped with an elevator and every modern convenience and connected with the main building by a corridor on every floor. The three upper floors are dormitories, on the second floor are the new halls for the Phi Nu and Belles Lettres societies, and laboratories and recitation rooms; and on the first floor are recitation rooms, well arranged and well equipped rooms for domestic science and domestic art. Harker hall was completed at a total cost of $70,000.

Music hall at the college was erected a few years earlier. It is five stories high, is larger in general dimensions than Harker hall and includes a fine assembly room which seats more than 600 people and cost much less than $100,000. The buildings are not of just the type wanted for an eighth grade building but they indicate what $70,000 to $80,000 in building will do. They are mentioned simply because they are buildings for educational purposes and because the cost figures are at hand.

It really does seem that the wise course would be for the board of education members to revise their plans and speedily utilize the lot now owned, the building fund on deposit and a reasonable sum to be included with the next tax levy.

JOHN W. BARRY A WITNESS.

Cedar Rapids, Ia., July 17.—John W. Barry, president of the Hawk Eye Lumber & Coal company of this city, formerly president of the Northwestern Lumbermens' association and a director for twenty years was the principal witness for the defense at the hearing of the lumber trust suit held here tonight before Government Examiner Roy E. Fuller.

During his testimony Mr. Barry radically scored the mail order houses for the "unjust campaign" which they had waged against legitimate dealers.

Other witnesses testified as to the false representations and unfair tactics of the catalogue house.

The hearing will be continued Monday at Minneapolis.

Louisville Records Broken.

Louisville, July 17.—All records for heat in Louisville for this year were broken today when at 3 o'clock the thermometer at the local weather bureau registered 102 degrees. Three deaths and two prostrations were reported.

Five Die at St. Louis.

St. Louis, Mo., July 17.—Five deaths were ascribed to heat here today. The government thermometer read 101 degrees in the shade at 4 p. m., the highest temperature of the year. Besides the fatal prostrations, six other heat victims are in hospitals in a serious condition.

Eight Prostrated at Galesburg.

Galesburg, Ill., July 17.—The mercury stood at 100 for three hours here today. Eight prostrations were reported.

O'HARA UNABLE TO REACH SPRINGFIELD UNTIL TODAY

Gives Clerks in Governor's Offices Necessary Authority to Sign Requisitions.

Springfield, Ill., July 17.—Despite the fact that Acting Governor O'Hara found the press of business too great to allow him to come to Springfield until tomorrow morning affairs of state have gone on as usual since Governor Dunne left the state at three o'clock Wednesday afternoon after notifying the lieutenant governor who was expected to reach Springfield during the day. A number of state documents had accumulated this morning and the clerks in the offices of the governon and secretary of state were in a quandary as to what course to take until Lieutenant Governor O'Hara was communicated with at Chicago and gave his necessary authority to sign requisitions etc. Later in the afternoon the Lieutenant Governor called Thomas Thurman, clerk in the governor's office on the long distance teelphone stating he would be unable to reach Springfield until tomorrow morning.

YOUTH ROBS JEWELRY STORE WITHIN BLOCK OF POLICE STATION

Breaks Window in Full View of Police Board President and Escapes With $5,100 Worth of Diamonds.

St. Louis, Mo., July 17. — In broad daylight in view of the president of the East St. Louis police board and only a block from the police headquarters of that city, a well dressed youth broke the window of a jewelry store, put $5,100 worth of diamonds in his pocket and escaped today.

Harry B. Carson the police commissioner, who witnessed the robbery from the back platform of a passing street car was prevented from shooting at the thief by passengers on the car. The spetators stood amazed until the youth disappeared into an alley. Most of the diamonds belonged to Mrs. H. E. Cook, the jeweler's wife and were on exhibition.

MAKE WHOLESALE ARRESTS OF WORKERS OF THE WORLD

Dr. Marie Equi Defies Portland Mayor's Orders Not to Told a Street Meeting.

Portland, Ore., July 17.—Wholesale arrests of Industrial Workers of the World were made tonight on a downtown street when a crowd of 20 women, led by Dr. Marie Equi, defied the mayor's order by holding a street meeting. Dr. Equi and her followers were loaded into automobiles and taken to jail. Several automobile patrol loads of men also were taken in. Some of the men resisted and were roughly handled.

Dr. Equi, a practicing physician and suffragette leader who recently espoused the Industrial Workers' cause had announced publicly that she would defy the police by speaking on the street tonight declaring she would scratch with a poisoned pin any policeman who should molest her. The combined strength of two was required to overpower her.

DURBIN SUNDAY SCHOOL CHAUTAUQUA.

It was a small but well pleased audience which left the Durbin Sunday school Chautauqua held last evening in the yard of the church. The literary events included a short musical program and an address by Horace H. Bancroft of Jacksonville, entitled, "A Historic Sketch of Agricultural Organization." The basket sppper was served at 6:30. The Sunday school chautauquas of Durbin church have been held monthly the past year or two during the summer months. Mr. Bancroft traced the origin of such orgainzations as the Gragne, the Agricultural Wheel, the Farmers' Mutual Benefit association and the Patrons of Husbandry. Agricultural organizations he divided into four periods of development. From 1785 was the period of beginning of organizations among the farmers. From 1850 until 1870 was the golden age of the agricultural fair and from the later date to 1892 was the time of the farmers' movement and the era of the great organization. From 1892 to the present day the speaker characterized as the time of reward and readjustment.

NEIGHBORING COUNTIES WANT STATE ROAD MONEY

Sangamon and Pike Citizens are Getting Ready to Make Demands For Their Share of Appropriation—Papers Give Details of Plans Under Way.

Adjoining counties are already taking steps to get their share of money appropriated for the building of roads in accordance with provisions of the Tice road bill.

Over in Sangamon county a special meeting of the county board is soon to be held to discuss the subject in Pike county a survey of the roads has been completed and arrangements have been made to have Mr. Tice visit the county and address a meeting on the good roads question.

The Springfield Journal had the following to say on the subject:

"Sangamon county will be among the first in the state to take advantage of the new state aid road law. A special meeting of the county board will be called, to be held next week, for the purpose of considering the subject of highway improvement in Sangamon county under the provisions of the Tice act.

"Practically all of the supervisors who have expressed themselves already on the subject are enthusiastically in favor of outlining a system of county road improvement and starting work upon the plan at once.

County Should Take Action.

"In view of the fact that under the Tice act the state pays one-half the expenses of road construction, it is contended that the sensible thing for the county to do is to take advantage of the opportunity to build permanent highways with state aid rather than for the tax-payers of this county to be contributing to the building of roads in other parts of the state without getting any of the direct benefits of the act.

"Under the provisions of the Tice law it will be a case of 'first come first served,' until the $1,100,000 appropriated for this purpose by the recent general assembly is exhausted. After that money is spent no more assistance can be had from the state until the next legislature, two years hence, makes further appropriations.

"By calling this early meeting of the county board of supervisors and deciding what highways in this county it is desired to improve first it is the hope of those favoring the movement that Sangamon county will get her claim in early enough to proceed with the work at once.

Pike County Roads.

The Pike County Republican tells about the road map of the county just completed:

"There are 1541.7 miles of public roads in Pike county, according to a road map recently received by County Clerk Will Binns. The map was prepared for use in connection with the new Tice road law, passed by the last general assembly, which provides for some very radical improvements in the matter of care and improvement of public roads. The board of supervisors will be asked to designate what 20 per cent of Pike county's 1541.7 miles of roads shall be deemed state aid roads, upon which the moneys of the state shall be expended. Unless the Pike county board of supervisors shall act promptly and inform themselves upon this matter, there is every prospect that Pike county's share of the state road money will be forfeited, and the portion which Pike county should have will be spent in some other county. That, indeed, would be a nice mess.

Expect Visit From Mr. Tice.

"Mr. Binns has received the promise of the Hon. Homer J. Tice, that he will visit Pike county sometime during the month of August and address a big meeting of supervisors and highways commissioners. Tice is likely the best posted man in Illinois upon the practical workings of the new road law of which he is the author. It remedies many abuses against which the tax payers have been crying for years, and provides for a more judicious expenditure of money. Under the Tice bill, more money will be put into roads, and less into the pockets of individuals. A new day is dawning for good roads, and the Republican appeals to Pike county's supervisors and commissioners to exert every effort to get Pike county's share of the money which the state of Illinois is willing to spend on Pike county roads."

QUICK RELIEF FOR RHEUMATISM.

George W. Koon. Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dresed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.—Adv.

AN ASTOR ANNIVERSARY.

New York, July 17.—One hundred and fifty years ago today there was born at Waldorf, near Heidelberg, Germany, the son of a lowly butcher, who lived to stand before the kings and to acquire the largest fortune ever accmulated by a single individual in America up to this time. The butcher's son was John Jacob Astor, the founder of the Astor family in America. He crossed the Atlantic at the age of 20 and from the day of his landing he was an American. At first he acted as an agent for a London firm that manufactured musical instruments and he became the first dealer in musical instruments in the United States. By degrees he worked into trade with furs, serving apprenticeship with a Quaker in the business. Then began his difficult and trying journeys to buy furs and his conflicts with the strongly established Hudson's Bay company. He extended his trade to the western coast of America and sent his ships to all parts of the world. He invested his profits in national securities and in land in New York city and its immediate vicinity. His investments brought him large returns. His fortune at his death in 1848 was $20,000,000, gained largely through trust and faith in his adopted country and in the future greatness of New York city.

DENVER PREPARES FOR KNIGHTS TEMPLAR.

Denver, Colo., July 17.—Three weeks hence Denver will be the Mecca of tens of thousands of the most prominent and representative citizens of the United States. From every part of the continent, from faraway Maine and Florida, from California and Oregon and from all the commonwealths between, the representatives of the Knights Templar will gather for their 32nd triennial conclave.

For more than a year the local committee of reception and entertainment, composed of the most prominent and active Templars in this jurisdiction, has been preparing for the advent of the mighty hosts that will sojourn in this city during the second week of August. Today announcement was made of the practical completion of every detail of the conclave program. As in the past, the big features of the week will be the great street parade and the competitive drills. Dinners, receptions and balls will figure in the entertainment program, along with numerous sightseeing trips to the many points of scenic interest in the vicinity of Denver.

THE HIGH SCHOOL AND CITIZENSHIP.

"High school teachers of social science and history have the best opportunity ever offered to improve the citizenship of the land," says Dr. Thomas Jesse Jones of the United States bureau of education. Dr. Jones believes that the 1,300,000 boys and girls now in American high schools form the largest group of persons anywhere in the world who can be guided into acquiring the "social point of view" by means of the subjects of social science and history taught in the modern way.

"Good citizenship should be the direct aim of the high school courses in social science and history," he declares. "Goodcitizenship is the test that must be applied to every topic in these courses. Facts, conditions, theories, activities which do not contribute directly to the appreciation of methods of human betterment have no claim on the time of the high school pupil."

Dr. Jones points out that under this test civics must not be merely a study of government machinery, but a study of all manner of social efforts to improve mankind. "Every pupils should know, of course, how the president of the United States is elected; but he should also understand the duties of the health officer in is community. It is the things near at hand and socially fundamental that should be taught first of all. Comparatively few persons have any need of knowledge of congressional procedure, but every citien should know what are the chances of employment for the average man."

Proposed topics in this newer high school civics are: Community health, housing and homes, pure food, public recreation, good roads, parcel post and postal savings, community education, poverty, savings banks and life insurance, human and material resources of the community, human rights versus property rights, impulsive action of mobs and the selfish conservatism of tradition, public utilities, like street car lines, telephones and light and water plants.

"The purpose is not to give the pupil an exhaustive knowledge of any of these subjects, but to give him a clue to the significance of these things to himself nd to the community, and to make him want to know more about the conditions under which he lives. It is to help him to think civically, and, if possible, to live civically."

MURDERER TO HANG.

Prince Albert, Sask., July 17.—Arrangements are being made for the execution of Emerie Kovoiach here tomorrow. Kovoiach and Lewis Ratz were convicted of the murder of Charles Bruggencote on the night of February 11 last. The murder was one of unusual brutality. The two men killed Bruggencote at the lonely ruined shack where they lived by beating in his brains with a cudgel and afterward cutting his throat and driving him along a trail into the open prairie, where they left the body. The two murderers were tried and convicted at the May term of court. Ratz is under sentence to hang one week from tomorrow for his share in the crime.

IN MEMORY OF ANDRE.

Stockholm, July 17.—Under the auspices of the Stockholm Geographical society memorial exercises were held today to mark the sixteenth anniversary of the ascent of the balloon which carried explorer Andre and his intrepid companions to destruction. In further observance of the anniversary a number of floral offerings were placed about the handsome memorial erected here to commemorate the ill-fated expedition in quest of the North Pole.

POST MASTER GENERAL CHANGES PARCEL POST ZONE

A Chart For Each Unit of Area To Replace Large Maps.

Postmaster General Burleson has taken another slam at the preceding administration of the post office department when he announced that the use of "the cumbersome parcel post map has been ordeed discontinued in so far as postmasters and the general public are concerned as a means of determing rates of postage."

In the future, according to the announcement, a chart will be prepared for each unit of area showing the location of the various units from that particular point in the parcel post guide.

"This arrangement will make it possible to locate a unit and determine the rate of postage on a parcel more readily," continues the postmaster general's announcement. To do this it wil only be necessary to refer to the name of the post office in the guide to learn the number of the unit in which it is located and then consult the special chart for the zone location of the unit. The use of the map has not only been found expensive, but requires too much time to locate a unit.

Within a few days the postmaster general will issue an order directing a number of changes of importance in the parcel post system. The local delivery zone will be extended to a radius of 100 miles by the consolidation of zones one and two, the 50 and 100 mile zones . It is understood that the rate on the 100-mile zone will be decreased, but the new rate is withheld pending the issuance of the formal order. Another change will make provision for the establishment of railway terminal post offices in large cities and at distributing centers. With the establishment of these terminals the major part of handling of bulky packages will be transferred from the postal cars, where it causes considerable confusion and congestion. The prospective establishment of such terminals was discussed prior to the inauguration of the parcel post.

Merchants and mail order houses in St. Louis and other cities will benefit from the enlargement of the local delivery zone, since it will extend the delivery zone from 50 to 100 miles at the lowest rate. The changes will not become effective until next fall.

JUAREZ ANNIVERSARY.

City of Mexico, July 17.—The 41st anniversary of the death of Benito Juarez, who holds the foremost place in the list of the patriots of Mexico, will be observed tomorrow in the customary manner. Exercises in celebration of the day will be held by Juarez societies throughout the republic. President Huerta and other high officials of the present government are expected to attend the anniversary exercises to be held at the tomb of the patriot.

PERSHING'S SERVICES ARE COMMENDED

Brigadier General in Philippines is Said to Be Doing Good Work in Disarming Moros.

Washington, July 17.—Major General Bell, commanding the Philippine department, warmly praises Brigadier General John J. Pershing for the manner in which he conducted the campaign to disarm the Moros. It is not the first time that General Pershing has been "mentioned in dispatches," and when the history of the Philippines comes to be written it is probable that to the fighter from Missouri will be given the credit of doing the biggest share of the "rough work" incident to the pacification of the islands.

General Pershing has been fighting in the Philippines the greater part of the past ten years. In 1906 he was singled out by President Roosevelt in one of his messages to congress for his distinguished services in his fights against the Moros in the Lake Llano country. There his senior officer being incapacitated, the command of a battalion devolved upon him. Captain Pershing was away from civilization and almost cut off from communication with the outside world. For seven months he kept open his base of operations, supplied his own subsistence and, with his men, fought every day and part of the night. He started at the lower end of the lake and fought clear around its circumference, exterminating hostile natives or making peace with their chiefs. General MacArthur, then in command in the Philippines, recommended him for promotion to brigadier general as the only recognition commensurate with his actual services. Thereupon the president jumped Captain Pershing over the heads of 862 officers of higher rank and made him brigadier general in the regular army. Except in the case of General Funston, who was made a brigadier general from the volunteers after his capture of Aguinaldo, there is no other instance upon record where bravery and efficient service have been so promtly and so extensively rewarded.

The latest dispatches from the Philippines indicate that the recent fighting has been as severe as any that marked the fearly career of General Pershing in the islands. For days the American troops have been fighting in the mountain fastness with savages sometimes numbering between 5,000 and 10,000. Hand to hand combats have been frequent, in which not a savage surrendered, and the encounters were ended only by escape or death.

OLDEST PLAYHOUSE TO CLOSE.

Philadelphia, July 17.—Patrons of the theater and members of the theatrical profession everywhere will learn with regret that the famous Walnut Street Theatre in this city is about to pass into history. The theater has been refused a license for failing to comply with the new safety standard fixed by the city authorities. As compliance with the requirements would mean a complete rebuilding of the theater it is likely that the house will never reopen again.

The Walnut Street Theater is America's oldest playhouse. It was built in 1808 and during practically its entire career of more than a century it has been devoted to first class attractions. It is said that every American player of prominence, with the exception of some of the younger actors and actresses of the present day, has been seen upon its state. The house is part of the estate of J. Sleeper Clark, the famous comedian, who owned and conducted it during the latter years of his life. Clark was an uncle of Edwin Booth.

Mrs. J. J. Murphy of Sharpe street has returned home after an extended visit with John McCabe and family of Manchester.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle Is Womans' Greatest Happiness.

One of the most important matters about which women concern themselves is their future status as a grandmother. And she is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. This is an external application for the abdominal muscles and breasts. It certainly has a wonderful influence, allays all fear, banishes all pain, is a most grateful encouragement to the young, expectant mother, and permits her to go through the period happy in mind, free in body and thus destined to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles free, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and, in place of a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women, hence Mother's Friend is really one of the greatest blessings that could be devised.

This splendid and certain remedy can be had of any druggist at $1.00 a bottle, and is sure to prove of inestimable value, not only upon the mother, but upon the health and future of the child. Write to Bradfield Regulator Co., 132 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

That Corn Is a Sure 'Goner,' Now

"GETS-IT," the New-Plan Corn Cure, Gets Any Corn Surely, Quickly.

You'll say, "It does beat all how quick "GETS-IT" got rid of that corn. It's almost magic!" "GETS-IT" gets

"Never Could Do This Before. "GETS-IT" Made Every Corn Vanish Like Magic."

every corn, every time, as sure as the sun rises. It takes about 2 seconds to apply it. Corn pains stop, you forget the corn, the corn shrivels up, and it's gone! Ever try anything like that? You never did. There's no more fussing with plasters that press on the corn, no more salves that take off the surrounding flesh, no more bandages. No more knives, files or razors that make corns grow, and cause danger of blood poison. "GETS-IT" is equally harmless to healthy or irritated flesh. It "gets" every corn, wart, callus and bunion you've got.

"GETS-IT" is sold at all druggists' at 25 cents a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago.

SOME OFF-SIDE CHUTES

King Cole pitched a no-hit game against the Brewers on Tuesday. One of his two free tickets, however, resulted in one run in the sixth inning.

* * *

Chicago is to inaugurate an annual week of rowing and sculling if plans now in embryo do not go amiss. At a meeting of the Associated Yachts and Power Boats Clubs of America, held on Monday, it was planned to hold rowing races in the basin off Grant Park for all rowing clubs in the middle west, to take place Auguse 16 to 24. The promoters are intoxicated in their enthusiasm, and promise to pull off races that will rival any of the collegiate regattas usually contested on Connecticut's Thames.

* * *

An Arabian prince (Alla Abba Mohammed Salar) traveling incog. under the alias Francesco Asealone, has just arrrived in Boston from Italy with a negro boxer named Charles Williams, whom he will exploit in an effort to harvest some of the American easy money.

* * *

Quincy, in the Three Eyes, has practically been overlooked by the baseball scribes in a record it completed last Saturday. A little over two weeks ago is was snugly anchored in the cellar, then took a new reef in its trousers and in eleven days was the leader in the chase for the pennant.

* * *

Johnny Dundee, when he elected to go out of his class, did not have to wait long to get on a match. He has signed to meet Freddie Welch, the British lightweight, at Los Angeles on August 15, or September 9.

* * *

A syndicate headed by John McGraw has been turned down by Ed Maier. The Venice coast league magnate had been prffered $200,000 for his team and franchise.

* * *

Ed Walsh in his return to the game on Tuesday, after nearly a month's lay-off, had to win his own game with the war club—and in the tenth inning at that. He should have had a shut-out in the nine; but Buck Weaver was off his feed with three bungles in the third, allowing the Carriganites their only opportunity to see the home slab.

* * *

Charley Mullen, erstwhile White Sox utility, now manager of Lincoln, Neb., in the Western league, is out of the game for a month at least, owing to a broken bone in his ankle, sustained in practice last Friday. For several days he had been treated for a sprain, and not until the swelling refused to be reduced was the seriousness of the injury discovered.

* * *

At New Haven, Conn., on Wednesday, one of the old blue laws was glommed from the moth-eaten archives and Manager Cameron of the home team, James Clarkin, owner of the Hartford team, and twenty-eight players were assessed a total of $600 in fines and costs for having engaged in a game of baseball on the Sabbath. Under this law, passed in the 1780's, a person discovered smoking upon the public highway is amenable to a fine and imprisonment. Under its provisions all work, transportations, social gatherings, etc., are forbidden on Sunday; but for years the law has been regarded as a dead letter, until the ball players were haled before the court and penalized.

* * *

The autos competing in the Glidden tour are having "tough sledding" in the run through North Dakota, owing to muddy roads. On one stretch of 97 miles the machines were compelled to plow through gumbo which was from 12 to 18 inches deep.

* * *

When a player stumbles and flipflops half way in going from second to third it's time to relay him at the far corner with a runner who knows the way home—and that's just what Kid Gleason did with Bodie in Tuesday's game.

* * *

Now watch the Bostonians slip. Bill Carrigan, like "Jake" Stahl, is a collegian, but no such amount of gray matter oozes beneath the cap of the former as is ever present under the one worn by the latter. The Boston team ever and anon has been the abiding place for factions, and Jake Stahl is not the first manager in the Hub to be sacrificed to the whims of a faction. To be frank in the matter, factional fights forced Col. John I. Taylor of the Boston Globe to ste paside and allow Jimmy McAleer and Robert McRoy step in. And signs are pronounced that the two latter will reap the whirlwind—the Bean-munchers are a finnicky set.

* * *

President Wrenn of the United States Tennis association has sailed for England, to be present next week at the Davis cup matches in London. McLoughlin, Williams, Hackett and Johnson are the American challengers to meet the British cup holders.

* * *

The Illinois-Missouri league will finish the season with four clubs. Canton was allowed its guarantee money, but the claim of Pekin was refused because it was alleged the money was forfeited with a violation of the league's orders.

A STRONG REFERENCE.

A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

CHANGES IN LEVEL OF STOCK'S PRICES SMALL

MOVEMENT THROUGHOUT THE DAY IRREGULAR.

Many of the Important Stocks Show Small Losses at the Close—Petroleum Shares Especially Weak.

(By Associated Press)

New York, July 17.—The net result of today's trading in stocks so far as changes in the level of prices were concerned was small. It was apparent from the outset that the market would not hold to the pace set yesterday then quotations rose sharply in all quarters. First figures were lower. A recovery was soon effected but the movement throughout the day was irregular and the close found many of the important stocks showing small losses. Stocks were well taken at concessions but there was a falling off in the demand and buyers were unwilling to follow the market upward. The petroleum shares were exceptionally weak. With the approach of the crop moving season with its heavy demand for money, it was pointed out, banks will be compelled to draw tighter lines in regard to extending credit on stock exchange collateral.

HUGE RECEIPTS OFFSET BULLISH SENTIMENT

EARLY STRENGTH IN WHEAT DISAPPEARS.

Arrivals as Reported From Chief Terminal Cities Amounted to 1,465,000 Bushels—Corn Finishes at a Gain.

(By Associated Press)

Chicago, July 17.—Huge receipts at primary points today acted as an offset for bullish sentiment in the wheat pit. Accordingly the market closed steady at a shade to ⅛c under last night. Corn finished with a gain of a sixteenth to ½@⅝c; oats up ¼ to ⅜c, and provisions showing an advance of 10c to 25c.

Arrivals of wheat as reported from the chief terminal cities amounted to the extraordinary total of 1,465,000 bushels. The highest previous aggregate for 24 hours was 1,340,000 bushels.

Considerable strength developed in the wheat market early in the session. All of the gains, however, gradually disappeared and before the close there was a net decline all around, influenced in part by the material subsidence of the bulge in coarse grain.

Holders of corn indulged in heavy realizing sales. Complaints of crop losses southwest had carried the market sharply higher but slightly cooler weather in Kansas and Nebraska made owners cautious, notwithstanding there were no predictions of rain. The oats market was governed almost wholly by the action of corn, reacting notably after a decided advance. There was a broad speculative trade in provisions with excellent cash demand. An advance in the price of hogs kept the market on the upgrade.

ILLINOIS NEWS IN BRIEF.

Police Shun Motorcycle.—Thursday was the twenty-first day since the city of Alton received its motorcycle for police department use, and city officials have failed to find a member of the department who will use the machine, although one of them has become expert in riding it. The police refuse to ride unless the salary is increased.

Sheriffs Discuss Gun Laws.—The sheriffs in attendance at the twenty-first annual convention of the International Sheriffs' Association at Peoria went on record as favoring laws in every state in the union against the carrying of concealed weapons unless first given permission. They also favor uniform extradition and parole laws.

Macoupin County Oil Well.—The Impromptu Exploration Co., brought in an oil well recently on the Cash Rhodes farm southwest of town. The oil was reached at about the depth of 400 feet and promises to be the biggest yielder yet in the field.

Declines Chicago Call.—The Rev. Dr. S. Parkes Cadman, pastor of the Central church will not leave Brooklyn. He has written from the Wreckin, Sebago lake, Me., where he is passing his vacation, a letter declining the call to the Second Presbyterian church, Chicago, to succeed the Rev. Dr. John Balcom Shaw, who is now in California.

State Alfalfa Association—Springfield, in all liklihood, will be chosen by the Illinois State Alfalfa Growby the Illinois State Alfalfa Growers' association as the convention city of the association for 1913. The meeting will be held the second week in August. On the same day and in the same city the executive committee of the state farmers' institute also will meet. The meeting place of the institute at the annual session of 1914 will be selected.

Does Not Want Political Job.—Stephen J. Sibley, county superintendent of schools of Calhoun county does not want a political job. Sibley went to the state capitol in response to an invitation from Secretary of State Harry Woods. The secretary offered him, point blank, a lucrative position in the secretary's anti-trust department. Sibley broke precedents and surprised not only the secretary, but others as well, by declining the position with thanks. He said he wished to pursue his educational work in Calhoun county instead.

Baboon On Skates Tries to Escape.—Two thousand persons in the airdome in Alton, Ill., were panic stricken when Emperor, an acting baboon, which was staging a roller-skating stunt, got into trouble with a pet pig, a member of his own theatrical company and made a dash for liberty. After frightening the audience with leaps through the aisles, Emperor, like many other skaters, fell. His trainer grasped him by an ear and led him back to the stage.

Is Candidate to Succeed Justice Hand. — Leslie D. Puterbaugh, judge of the circuit court for the tenth district, will be a candidate for the position of judge of the fifth judicial supreme court district to fill out the unexpired term of Judge John P. Hand of Cambridge, whose resignation, forced by sickness was accepted by Governor Dunne Tuesday. Judge Puterbaugh has been suggested a number of times for this important judicial post, but his decision to be a candidate has just been announced. He was called upon by the Republican judicial committee that successfully managed Judge Hand's last campaign and urged to allow his name to be placed before the voters for the high office now vacant.

Mrs. Mildred Nunes of Franklin was shopping in the city Thursday.

LONG CHERRY SEASON.

When P. W. Fox of 666 South West street picked his last Marillo cheries yesterday he closed a long season of seven weeks. He picked fruit from his first tree about the 29th of June. The old fashioned black variety gathered yesterday had a market value of fifty cents a gallon, double that of the earlier fruit.

The First of the 1914 Cars Has Arrived!

$1275  $1275

The Paige "36"

This car retains all of the splendid points which individualized the 1913 product and shows some distinctive advance features as well.

The Two Touring Cars and the Roadster

of the 1914 model, now on the floor in our garage, will do your eyes good if you appreciate what is strong and serviceable in the Auto field.

Call and Let Us Demonstrate the Wonderful "Paige"

Output Five Times Greater

The demand for the Paige car the past season has resulted in such increased factory proportions that the output of 1914 cars will be five times as great as for this year. The Paige is not an assembled car, but every thing which enters into its splendid construction is made right in the Paige factory.

Some Added Features

All the strength of former models is reproduced in the 1914 Paige and there are betterments too. The body is slightly larger; the tires are heavier and of the non-skid type; the upholstery is more luxuriant; the wind shield has been improved and the electric horn is the latest type, and still another feature is the motor-driven air pump.

Specifications which Make the Paige a Great Car

MOTOR—36 H. P., 4 cylinders.
WHEEL BASE—116 inches, 50-inch and 60 inch treads.
STEERING AND CONTROL GEAR—Left side drive, center control, 18-inch walnut rim wheel, ball pivoted gear shift lever and emergency hand brake in center of chassis, set forward from front seat.
GASOLINE SUPPLY — Gravity feed, tank located under shroud dash, reserve supply valve, capacity 14 gallons.
CARBURETION—Float feed automatic type, left side of motor, dash adjustment.
IGNITION—Bosch magneto, variable spark.
STANDARD COLORS—PaigeRichelieu Blue, all models, nickel trimmings.
TIRES—Diamond or Goodrich, front 34 inch x 4-inch, rear, 34 inch x 4-inch.
EQUIPMENT—Gray & Davis Electric Starter, Gray & Davis Electric Lighting System, ventilating wind shield built into body, Stewart Revolving Dial Speedometer, 12-inch electric headlights, parabolic design, 5-inch electric side lights, set flush in dash, 3 inch electric ruby light at rear, demountable rims, one extra, tire irons, license bracket, horn, pump, jack, tools and tire repair outfit.

YOUNGBLOOD PRAIRIE.

Leah, the little daughter of Mr. and Mrs. Carlin Dalton, fell from a horse she was riding one day this week and now suffers with a broken arm.

The well in the park at Nortonville has been deepened about seven feet and it now furnishes one of the best supplies of water in the town. The old wooden platform has been replaced by one of concrete.

Mrs. Mary Daniels is visiting this week at the home of her parents, Mr. and Mrs. John Walters at Jerseyville.

B. F. Jones has a new well in his yard. It was bored with a twelve inch auger. Y. Y. Smith, N. F. Edwards, John Kelly and others will follow his example.

Miss Minnie Ralston is spending a few days at the home of her sister in Kansas City.

C. H. Story of Jacksonville was transacting business in our neighborhood one day this week.

WAS GREAT S. S. WORKER.

The Associated Press report of Thursday morning carried the story of the death of W. B. Jacobs, who was run over by a street car at the corner of Madison and Wabash in Chicago Wednesday afternoon. He was secretary of the Sunday school work of the state of Illinois and was well known throughout the state and in this community, where he has often been heard in splendid addresses. His death is a distinct loss to the Sunday school cause of the state. Arthur Swain, president of the Morgan County association, received a telegram Thursday morning telling of his untimely death.

PATIENT DOING WELL.

Mrs. John Adams of Murrayville was in the city Thursday to see her husband who is a patient at Passavant hospital. Mr. Adams was injured several days ago by being struck on the head with an ink well which was thrown from an Chicago and Alton passenger train. He is getting along nicely and no serious results are anticipated.

FORESTR NOTES.

Canada's forest area is about 800,000,000 acres.

Mills in British Columbia are shipping considerable paper pulp to Japan.

The Canadian Forestry Association will hold a forestry convention in Winnipeg, July 7 to 9.

On the best German forests the annual expense is $13 an acre, but the gross returns are as much as $24; thus they yield a net return of $11 an acre each year.

Four launches are used in patrol and transportation work on national forests in Alaska, which include many small islands and inlets.

Motion picture companies are making films of all of the activities of the federal forests service, including planting, cutting timber, patrol, and lookout work. Already at least two fire fighting "movies" are being exhibited.

Application has been received by the government for a summer home colony on the Shoshone national forest, Wyoming. The plan is to have a central assembly hall for community gatherings, and separate cottages for the several families of the recreation center.

AUTOMOBILE NOTES.

Nelson McMurphy and family, who have been visiting with relatives and friends in Hebron, Neb., returned home at 5 o'clock Thursday evening. The entire trip was made in their Cadillac automobile, the distance covered being over 1500 miles. The family left here on the 4th of July and returning home they departed from Hebron Tuesday morning. The trip was made without a mishap, not even a punctured tire. On returning they passed through Nebraska City, Fairbury, Keokuk, Ottumwa, Creston, Shenandoah and through Illinois via Beardstown.

Orville Jokisch of Virginia was in the city Thursday in his automobile.

J. W. Woods, John Cleary, A. D. Arnold, Harry Woods, Nathan Purviance, Robert Clayton of this city, William McCurley of Woodson, William Galloway of Woodson, were among those who motored to Winchester Thursday afternoon to attend the races.

Mr. Parsons, a representative of the White Automobile company, was a business visitor at the O'Donnell garage Thursday.

Herbert Shoemaker of Chapin was in the city yesterday in his Hudson car. He was accompanied by his mother, sister and Mrs. Alvin Shoemaker and children.

SPRINGFIELD RESIDENT DEAD.

Springfield, Ill., July 17.—The body of John Peter Gadert, aged 66 years, a well known German resident of this city, who died at 12:10 o'clock this morning at the residence of his niece, Mrs. John Dixon on his farm near Ashland, was brought to the city this morning and taken to the undertaking establishment of Schneider & Co., in East Washington street. Mr. Gadert had been ill for about a year.

THURSDAY HOTTEST DAY OF THE YEAR

Mercury Went to 102, According to Government Test—Weather Man Promises Relief by Today.

Jacksonville passed through another day of extreme heat Thursday, when a maximum temperature, perhaps highest for the summer, was reached, with the mercury at 102, according to George H. Hal, United States weather observer at Alexander. In the city on the square some of the thermometers reached 110. The day opened with a temperature of 73 and kept soaring steadily until 3 o'clock in the afternoon. The highest temperature recorded last year by Mr. Hall was 97 and the hottest it has been this year was during the extreme spell in July, when the fluid went up to 100.

Ice cream parlors and thirst apartments were kept busy during the day and until late at night and hundreds of gallons of ice cream was disposed of, to say nothing of the hundreds of drinks dispensed. The ice men are the busy workers in the city and the favorite subject of conversation on the streets and in the homes is the "weather." The extreme heat has been very bad on old people and babies and during the past few days there has been quite an exodus to the various summer resorts far and near. So far no sunstrokes have been reported in the city, although there is some sickness reported from the effects of the heat. The old adage of "drink plenty of water" is a good one and avoid eating those foods which cause heat. It is a time too, when drivers should be very careful of their horses and all animals should be furnished with plenty of water. The weather man has promised a relief today and cooler weather will be welcomed by every citizen.

WANT BRYAN FOR SPEAKER.

Secretary Fritchey has wired W. J. Bryan to see if it would be possible to secure him for an address, during the chautauqua. Mr. Bryan is to speak in Bloomington during their educational festival which will be held at the same time of the Jacksonville chautauqua.

JUSTICE COURTS.

John Connors was fined $50 and costs in 'Squire Dyer's court on a charge of cruelty to animals. It was charged that Connors threw an iron rod at a horse he was trying to catch, the rod inflicting an ugly wound in the horse's neck. He then hitched the animal and worked it, the horse later developing blood poisoning, according to the charge.

MANY CHILDREN VISIT PLAYGROUNDS

Director Anxious For More to Come and Join in Festival Planned For August 19.

While a large number of children are taking advantage of the opportunity offered by the Play Grounds association, there is still a call for more children. Henry A. Ruyter, who is here from Chicago to take charge of the work, and his estimable wife, are meeting with success and they are receiving high praise from the parents and the little folks themselves. As has been formerly mentioned the association is planning to have a big festival on August 19 which will be participated in by the children from the four wards and consist of all kinds of folk dances, acrobatic and circus stunts. The attendance at the first ward has been between 150 and 200 and Mr. Ruyter is very anxious that the children turn out in larger numbers in the other wards.

The folowing is the play program: Second ward, Monday and Thursday; third ward, Tuesday and Friday; fourth war, Wednesday and Saturday. The hours are from 9 till 11:30 in the mornings.

NOTICE REBEKAHS AND ODD FELLOWS.

Jacksonville Rebekah Lodge No. 13 will hold a reception tonight at the new temple. All Odd Fellows and Rebekahs cordially invited to attend.

Emma Hunter, N. G.
Pearl Jaeger, Sec.

WILL SHIP PAVING OUTFIT.

John Cherry, who received a contract recently for work on a large street paving undertaking at Ottawa, will ship his paving outfit to that city today. The outfit will be in charge of Ralph Withee. This outfit will be joined at its destination by a second under George Pletch, which has been at work at Taylorville.

WITH THE SICK.

Miss Lula Casteen, one of the well known school teachers of the county is a patient at Passavant hospital and will undergo an operation there.

Earl Pick of Roodhouse, who has been ill at the home of his aunt, Mrs. E. P. Heck, was able to return to his home Wednesday evening.

MATRIMONIAL

Blackburn-Templain.

Fred Blackburn and Florence Templain, both of Winchester, were married by 'Squire W. E. Thomson Wednesday. The groom is a farmer and they will reside on a farm near Winchester.

Davenport-Wise.

Friends in the city have received word of the marriage of Mr. Howard Davenport and Miss Kate Wise, both of Minneapolis, Minn., which took place Wednesday evening at 8 o'clock at the home of the bride's sister, Mrs. Daniel Leary in Beardstown, Rev. Wm. Hailey of Barry, Ill., a cousin of the bride, officiating. The house was prettily decorated for the occasion and the ceremony was witnesed by only relatives and close friends of the bride and groom.

The bride was born and reared in Merritt, Ill., where she has spent most of her life. She is a member of the Methodist church and for the past three years has been a deaconness in the Jayne Memorial church at Minneapolis. She is a woman of splendid christian character and influence and she has been signally successful in her work. The groom is engaged in the grocery business in Minneapolis and they will be at home to their friends in that city after August 1 at 3132 Freemont avenue south. Miss Ina Kelly of Jacksonville was among those who attended the wedding.

Steurnagel-Kinney.

The marriage of Werner Steurnagel, aged 75, president of the State Bank of Beardstown, and Catherine Kinney, aged 56, took place in Beardstown Wednesday. Their honeymoon will be spent in North Dakota. The groom is an uncle of Mrs. A. W. Edson, whose husband formerly resided in Jacksonville.

RAIN CAUSES BRIEF FLOOD

Pittsburg, Pa., July 17.—A heavy rain storm caused a sudden and brief flood throughout portions of Western Pennsylvania, West Virginia and Ohio to day. At various points the storm reached the proportions of a cloudburst. Wire communication was seriously impaired, telephone lines badly crippled while property and crops sustained heavy damage. The loss tonight is conservatively estimated at $500,000.

CHAFIN WILL SPEAK.

Hon. Eugene Chafin who will speak in Central park Saturday night on "The Liquor Question and the Public Health,' has twice been the candidate of the Prohibition party for the presidency. He is an able and eloquent speaker and has for years been heard from platforms in all parts of the country.

MORTUARY

Brown.

James Brown, who has been in the employe of Henry Haegner who resides east of Arenzville, but recently has been working for the Burlington railroad, died Wednesday night from the effects of a sunstroke. He quit work as usual Wednesday night and when near the crossing of the Burlington railroad at Arenzville, he fell unconscious and was found shortly afterwards by some one who happened along that way. A physician was summoned but nothing could be done to save his life. A coroner's inquest was held Thursday and the verdict of the jury was that the deceased came to his death from the extreme heat. He was about 56 years of age and had told people that he had a son in the newspaper work in Detroit and also a daughter residing in Chicago. The remains were taken in charge by Williamson & Cody and burial will not be made until the relatives are heard from.

Aeschbach.

Mrs. Marie Aesehbach, a patient at the Jacksonville State hospital died Wednesday afternoon, at the age of 70 years. The body was prepared for burial at O'Donnell's dertaking parlors and Friday afternoon was interred in Diamond Grove cemetery. Miss Aeschbach's former home was in Highland, Ill.

SEMI-FINALS ARE REACHED.

Chicago, July 17.—Semi-finals in the singles of the Illinois tennis championship were reached today on the courts of the Wanderers' Cricket club. L. H. Waidner, W. T. Hayes, H. T. Byford and Wylder Bowers won their matches. Hayes, the present title holder, was forced to extend himself for the first time in this tournament, meeting a hard opponent in H. C. Gifford, who ran every set into duece games and made the champion play three sets.

Three matches were played in the fourth round of the men's doubles and the semi-finals of the women's doubles were played.

MARSHALL TO BE CHIEF SPEAKER.

Chicago, July 17.—Vice-president Marshall will be the chief speaker at the corner-stone laying on July 27th of the Loyal Order of Moose, $2,000,000 vocational school at Moose Heart, near Aurora, Ill., it was announced to day. The school is to be supported by the members of the order and will provide education on vocational lines for the children of members.

EARTHQUAKE AT NICARAGUA.

San Juan del sur, Nicaragua, July 17.—Earth shocks of more or less violence continued in Nicaragua principally in the departments of Managua and Massaya, were registered to day. In Masaya several houses have been destroyed. Santiago volcano is active.

JACKSONVILLE GETS FOURTH PLACE IN D. O. O. K. DRILLS

Los Angeles Team Wins Competition —Buffalo Chosen For Next Convention.

Minneapolis, Minn., July 17.—Buffalo, N. Y., was chosen for the convention of the Imperial Palace, Dramatic Order Knights of Khorassan, at the business meeting of the palace here today. Competitive drills were held late today by eight patrols, representing temples in various parts of the country, the winners being announced at the close of a banquet tonight as follows:

First—Los Angeles.
Second—Toledo.
Third—Columbus.
Fourth—Jacksonville.

The convention will close tonight.

On account of rain drills were held in the Armory building instead of at Lake Harriet. Ilderim Temple of Jacksonville was the second to perform, the teams going on in the following order: Columbus, Jacksonville, Toledo and Los Angeles. Peoria was to have been in competition but owing to a ruling of the judges that military drills should count 75 per cent and fancy drills 25 per cent in deciding the winner, Peoria withdrew.

Peoria put on an excellent fancy drill after the other teams had finished. The Jacksonville aggregation put on an excellent drill both in the military and fancy part of the exhibition. Three prizes were awarded—first $250, second $175 and third $100.

(Special to Journal)

Minneapolis, Minn., July 17.—This was the largest and best attended and the most unsatisfactory contest over held at an Imperial Palace meeting, unsatisfactory because the rules were changed, prize money reduced and decisions rendered. Jacksonville received most popular applause of competing teams and by the crowds. The crowds at the hotel were yelling for Jacksonville for the leading place. Capt. McCarty and the team are deserving of the support given them by the Temple and the people of Jacksonville because they presented the finest exhibitoin they have ever given.

SAN DIEGO POLICE ARREST MAN WANTED IN LOS ANGELES

J. Elmer Vencil, Charged With Murder of Jeweler Came From Camp Point, Ill., Last October.

San Diego, Cal., July 17.—J. Elmer Vencil wanted in Los Angeles for robbery of C. J. B. Carson, a jeweler was arrested here to day when he sought to pawn some jewels. Much of the jewelry taken from the Carson store was found in his room. The police say he had confessed.

According to the police Vencil denied all knowledge of murder of Charles E. Pendell, a Los Angeles money lender killed in his office two weeks ago. The Los Angeles police had sought to fix both crimes on one man.

Came From Camp Point.

Los Angeles, Cal., July 17.—J. Elmer Vencil, arrested in San Diego to day came to Los Angeles from Camp Point, Ill., last October. His father, now dead was sheriff of Adams county, Illinois, some years ago.

Telegrams from the Illinois town said Vencil had been arrested a number of times there for petty offenses.

ANGLO-SAXONY CLUB BANQUETS PAGE.

London, July 17.—The Anglo-Saxonly club at its banquet tonight had as its guest of honor the American Ambassador Walter H. Page.

In reply to a toast Ambassador Page dwelt upon the great pre-rogative of the Anglo-Saxony race leadership. He said that every president of the United States had been dominantly of English or Scotch blood while the overwhelming majority of mayors, member of congress and presidents of educational institutions in America bore names of English, Irish or Scotch descent.

Mr. and Mrs. R. C. Reynolds who recently returned from the East spent a number of days in Washington, said to be the hottest city in the union so they are somewhat hardened to the weather of recent days. Mrs. Reynolds has been for the greater part of two months visiting with relatives at her old home in Staunton, Virginia.

MRS. MARY E. LURTON DIES AT AGE OF NINETY

Long Time Resident of Morgan County Answers Final Summons at Home of Logan Black.

Mrs. Mary E. Lurton, one of the oldest residents of Morgan county, died Thursday afternoon at 4:30 o'clock at the home of her daughter, Mrs. Logan Black, two miles east of the city, at the age of 90 years and 7 months.

She was born in Lexington, Ky., Dec. 8, 1822, and was the daughter of William Stribling, who was a minister, and Mahala Becraft. The family came to Morgan county when the deceased was 10 years of age so that for eighty years she has been a resident of this community. She was married to James H. Lurton in January, 1843, who died a number of years ago.

Mrs. Lurton was a woman who had been quite active during her entire life and was of a rugged constitution. Her life covered a long span of years, during which time she had witnessed many changes in conditions of the country of which she often spoke. During the past few years she has received every kindly ministration at the home of her daughter. She was a member of Centenary M. E. church and a woman held in high regard by all who knew her.

She is survived by the following children: W. S. Lurton, Benjamin B. Lurton, Robert L. Lurton, Mrs. Logan Black, all of this county, and Mrs. Joanna Sarchet of Laurel, Mont.

Funeral arrangements will be announced later.

Get ready for big matinee of Jacksonville Driving club Thurs., July 31.

IS TEACHING IN IDAHO.

Lee R. Coultas, who is an instructor in the high school at Lewiston, Idaho, was a visitor in Jacksonville Thursday. He has been a visitor for the past month at the home of his parents, Mr. and Mrs. R. T. G. Coultas, who reside a half mile west of Riggston. Mr. Coultas will take up his third year's work with the Lewiston school commencing next fall, where his services are highly valued. He has charge of the commercial department. He has been making good in the west which will be learned with pleasure by his many friends both in Scott and Morgan county.

STRIKERS CAUSE RIOT.

St. Louis, July 17.—The Bell Telephone company's attempt to get food to the strike-breaking men operators at its Granite City exchange caused the fourth riot within two weeks in that city tonight. Several persons were hurt and the police arrested several of the rioters.

The efforts of ministers, legislators and labor leaders to bring about an agreement between the striking operators and the telephone company have failed. Today the girls resumed picketing.
